- We arrived on scene and I recognized Steven sitting at the front window. I located Julia in the women's restroom. She told me that since the criminal damage of her tires she has been afraid of Steven. She thought Starbucks was in the process of banning him from the property so she thought it was safe to go there. She pointed out a large hole in one of the windows at Starbucks that she believed he had thrown a rock through.

I explained that currently, Steven was not doing anything wrong by being there. I advised Julia to seek an order of protection against him. We escorted Julia out to her vehicle without incident.

explained if they feel he is a danger, we can trespass him from the property, and the store could seek a "stay away" order from the courts. I also advised we would provide extra patrol, and if they wanted, would have an officer in the area when they close.
